TOTAL FACIAL THERAPY

TRIBELLA is the ultimate NON SURGICAL skin rejuvenation treatment that simultaneously enhances tone, tightness, and texture.

Combining the power of three unique non-surgical procedures into one complete skin renewal treatment results in incredibly smoother, younger, healthier looking skin.

The high-intensity, non-invasive solution gives highly visible results faster in fewer treatments.

STEP 1: PHOTOREJUVENATION utilises intense pulsed light (IPL) technology to deliver direct bursts of energy onto targeted areas of skin to treat benign pigmented lesions and benign vascular lesions.

LIFT FIRM SMOOTH TONE TIGHTEN & PLUMP

STEP 2: ANTI-AGING powered by (MP)² Multi-Polar Radio Frequency (RF) and Pulsed Electro Magnetic Fields (PEMF) to enhance collagen and elastin production to reduce wrinkles and rhytides.

STEP 3: SKIN RESURFACING utilising NanoFractional RF™. Improves the appearance of textural skin conditions such as acne scars, rosacea, uneven skin texture, enlarged pores and pigmentation.

Three treatments are recommended for optimal results. Maintenance one treatment every six or twelve months. Best results are visible approximately three months after the third treatment series.

TRIBELLA treatments now available at Flawless Rejuvenation Melbourne, Lumière Beauty Clinic Sydney for more clinics visit: www.venus-treatments.com.au
